

# BAMBINO bougs

**Jezebel** Released Spring 2010  
Landscape, Courtyard Pots and Baskets  
Height in garden 1m

**Jezebel** is a distinctive variegated foliated bambino with brilliant scarlet flowers to add to the collection. The flowers are a bright scarlet red borne in terminal bracts above the foliage for most of the year. The plant is similar to Raspberry Ice but more dwarf as it is a sport of Arora(D), a dwarf form.

## USES:

**Jezebel** makes an ideal plant for large containers where with little training it will spill over making a showy plant for all seasons. Jezebel is an excellent selection for large hanging baskets for semi-shaded to full sun positions.

In containers keep moist at all times.

## ZONES:-

In Gardens

In gardens and pots

## For the Homeowner

- Extremely free flowering
- Blooms right through until cooler months
- Versatile

### Planting

Plant in courtyards, patio pots, baskets, garden beds or window boxes.

### Placement

Place in bright, full-sun areas.

### Temperature

Grows well in cool areas

Heat tolerant to 90-95°C

Frost tolerant to 15°C

### Watering

Keep on the dry side to encourage heavier flowering.

### Fertiliser

Use slow release fertilisers with an even balance of NPK, they are heavy feeders.

### Pruning

Trim as desired, but it is not necessary to maintain flowering.

## For the Grower

### Planting

**Timing :** Spring - Summer - Autumn.

**Plants per pot:** One only

**Finish time:** 10-12 weeks from potting

**Soil:** A general shrub mix

**pH:** Neutral to slightly acid

**Light Levels:** High, even full sun.

**Temperature** A growing house with good ventilation and held above 10°C.

**Water Requirements** Average, avoid wilting.

### Fertiliser - either 1 or 2

**1. Constant feed:** Every two weeks with a general liquid fertiliser.

**2. Slow Release:** Slow release fertiliser with an NPK ratio in even balance and with trace elements added.

**Pinching:** Pinch tubes prior to potting. Tip prune to shape the plant as needed.

**Growth Regulators:** Not needed.

**Pest Control:** Control aphids. In cool weather if the leaves are wet leaf spot can develop.
